MAY YET SAVE ENTIRE FORTUNE "BORAX" SMITH IN CHARGE TRUSTEES

TELEGRAM DECLARES THAT REUBEN SHIRODA ABLE TO DISTINGUISH OBJECTS.

(By Associated Press.)
SAN FRANCISCO, May 7.—The entire financial interests of Frank M. (Borax) Smith, most of which are represented by two hundred million in the United Properties Corporation, have been placed in control of two boards of trustees. One will manage the personal holdings and the other the United Properties interests, held in connection with W. S. Tevis and R. G. Hanford. There is said to be no connection between the boards and no investigation is contemplated but the action was taken because of the complexity of Smith's operations and the multiplicity of loans necessary to carry them on.

The report of the action of Smith in placing his fortune in the control of two boards of trustees was construed by coast and several local brokerage firms to mean that he was forced to the wall. Local men who are familiar with the interests of Smith declare this report to be false and merely an attempt to depreciate the interests of the western financier.

Smith has interests throughout southern Nevada. For years he has been connected with the West End company and his representatives have made frequent trips to this city to investigate his holdings.

THAT "LOW COST OF LIVING."

It would be interesting to know how much less it costs one family to live than another of like means and requirements. It is quite certain that all households do not possess equal intelligence and economy in their buying. A finely organized business house, through its trained purchasing department, knows with exactness where to buy and what to buy and when to buy. This newspaper knows the last word about the vast quantities of paper and ink and everything else it buys. We would close up shop pretty quickly if we bought without absolute information to guide us.

The BONANZA, through its advertising columns, offers every individual and every family the opportunity to practice the same exactness and efficiency in making their disbursements. BONANZA advertising is the very pulse of human activity. Study it. Be informed by it. And you will learn the secret of economy and the low cost of living.

BOARD OF COMMISSIONERS REDUCE FORCE OF THE CHIEF OF POLICE.

Further action along the lines of retrenchment was taken yesterday afternoon by the board of county commissioners when one deputy was removed from the office of Chief of Police Evans. The deputy affected is R. H. Dalzell.

Dalzell was appointed several months ago at the request of the board of school trustees and has been dividing his time between acting as a police officer and a truant officer and his salary has been paid from both the town and school funds. His appointment resulted several months after the removal of the former truant officer and when conditions at the local schools necessitated the reappointment of a truant officer in order to compel attendance at school.

FROM MANGER TO THE CROSS IS A FEATURE FILM

LIFE OF CHRIST FROM BIRTH TO CRUCIFIXION TO BE SHOWN AT BUTLER TODAY.

Everybody should go to the Butler theater this afternoon and evening, and see the most remarkable of motion pictures, "From the Manger to the Cross," the story of Jesus of Nazareth produced in authentic locations in Palestine and Egypt by the Kalem company. There will be two presentations this afternoon and three at night.

This is probably the most expensive and carefully planned film in the world, consisting of five parts in six reels. The life of Christ from His birth in a manger at Bethlehem to His crucifixion upon the cross at Mount Calvary is presented. The pictures are wonderfully good, depicting the costumes and scenes of the Holy land. The Kalem company followed Tissot in the detail of dress and customs and Herr Schlick in architectural matters. Critics from all the larger cities say that this is a greater production than the Passion play. The price of admission to this production will be 25 cents, children 10 cents. Special music to suit the picture.

HEAVY ADVANCE SALE REPORTED FOR SCHUBERTS

NOTED MUSICAL ORGANIZATION AND LADY QUARTET HERE TOMORROW EVE.

The Schubert Symphony club and lady quartette will appear tomorrow night at the Nevada theater. The entertainment is being given under the auspices of the Elks and from the manner in which the advance sale of tickets is being conducted the theater will be packed to capacity. Half the house had been sold this morning.

The following from the Bismark, S. D. Tribune is an example of how the company has been received during its present tour:

An artistic and enjoyable concert was given to music lovers of Bismark under the auspices of the Knights of Columbus. A varied program of many different features was given.

Particular mention should be given Miss Leeta Corder, who displayed a beautiful soprano voice in the aria, "Mad scene from Hamlet," one outstanding feature of her singing is her remarkable range, from F below the staff to F above high C, without a break or weak spot in the whole three octaves. She shows that she has received the best training under Mrs. Smythe of London and Herman DeVries of the Opera Comique, Paris, and we predict a brilliant future for her.

TONOPAH WILL SEND ATHLETES TO RENO MEET

LOCAL STUDENTS WILL DEPART TOMORROW TO PARTICIPATE IN ANNUAL MEET.

The Tonopah high school athletes and declaimers will leave for Reno in the morning to compete in the annual state academic contests. The declaimers are Lavoy Davis and Anna Critchfield. The boys who will take part in track athletics are Bernard Flood and John Harrington. Flood is entered in the 440 yard dash, the mile and the half mile runs. Harrington is entered in the 50 yard dash, 100 yard dash, 220 yard dash and quarter.

Both boys are in the pink of condition and will give a good account of themselves. Flood, who has been the star distance man of the school for the past three years, is running the quarter in better than record time. John Harrington is a worthy successor to his brother Leo, and can be looked upon to secure some points.

Prof. Jos. Scott, who has assisted in coaching the teams during the past few months, will accompany the local representatives and do the coaching during the contests. In past years Tonopah has always scored points in the several events, and thus far has escaped failing to win a single place. This year points are expected from both entrants, as their track records during training have shown their fitness to participate in the meet. Teams from every state high school have been entered in the contest.
